I do not think that Kil-Kold is in need of any further advertising. I have travelled in every part of the globe and it seems to me that I have seen it advertised and heard of it even in the smallest places. We always have it handy in the house and if any of my family have any symptoms of a cold we unvariably are able to break up the same at once by taking a couple of Kil-Kold Tablets.

Having suffered from Malaria for sometime I tried doctor after doctor and medicine after an including any benefit. I saw your advertisement of Kil-Kold Tablets and I thought I would try a package. I must say that they acted on me like magic. I immediately felt an improvement, and now after taking two boxes I am entirely cured.

F. E. JACKSON, Mauch Chunk, Pa.

I have been a constant sufferer from colds; I have tried many remedies, but find Kil-Kold the prince of all; it has done me more good than anything I have ever taken. I can confidentially recommend it. D. Pick, 406 St. Nicholas Ave., N. Y.

"The report of the State treas urer shows that the State has decreased its liabilities during the past two years by the payment of a \$50,000 loan held by the Farmers' Bank, and has now a sum in the neighborhood of \$100,000 on deposit subject to the draft of the State treasurer. The "General incorporation Law," passed by the Legisla-ture of 1899, is, in large meas-ure, responsible for this improvfinancial condition of the State, and from the operation of the said law thus far we are justified in stating that the State in the future, under normal condition, derive a constantly creasing revenue from it. Such a prospect is most gratifying and brings with the realm of possibility a desideratum which has perhaps been the dream of public-spirited men of every genera-tion since Delaware has been a State. Sirs—I again write to you and you can make any use of this letter that you choose. I wrote you some time ago that my wife was a great sufferer from her stomach and that your Tablets were doing her very much good. I want to tell you now that my wife appears to be entirely cured after taking your Tablets less than 2 months at an expense to me of not over \$1.00 whereas I have o me of not over \$1.00 whereas I have to me of not over \$1.00 whereas I have in the last 15 years spent several hun-dred dollars for doctors and medicines which did not do her any good. I en-close you \$2.00 for which kindly send me Tablets. They are not for myself, my wife not requiring any more; they are for friends of mine.
